25X1A

1. [REDACTED] informed me this morning that a message has come in from [REDACTED] referring to his instruction to not release the DMR to USAFE in accordance with previous procedure, that he is expected to make a TDY visit to USAFE and expects to run into a hornets' nest from USAFE because of their being cutoff.

25X1A

25X1A

a. I requested Colonel Stewart of AFCIN to inform Colonel Rogers, USAFE, of [REDACTED] upcoming visit, the fact that [REDACTED] is unwitting of the R development and does not know why he was instructed to cutoff the DMR to USAFE, and that he, Colonel Rogers, should insure that his own subordinates do not give [REDACTED] a bad time for having cutoff the DMR.
